DON'T BE A PARKING PEST!

The parish council gets more complaints about poor parking, than anything else.

If you have a driveway, PLEASE use it and encourage your visitors to use it too.

If you have to park on a residential road, check that an emergency vehicle can get past you.

Don't block other peoples' driveways

Don't block the pavement for wheelchairs and pushchairs.

Great Boughton Parish Council sets its precept for 2020/21

At the Parish Council meeting on 20th January, the councillors agreed that in order to be able to continue to provide even better services to the community, the annual precept needed would be £76,000 which represents an increase of 51p per year for a Band D property in the area. STOP PRESS!

The parish council is working with neighbouring South Chester parish councils to lobby Cheshire West and Chester Council to include our area in their plans for cycle routes and pathways. The volume of traffic in our parish is increasing and air quality is deteriorating, indeed, the levels of pollution along the A41 to the A51 is regularly exceeding the World Health Organisation and UK Government limits.

The South Chester Parishes are keen to investigate the feasibility of a footpath/cycleway from Huntington, through Great Boughton as far as Christleton High School – giving your children a safer and cleaner route to school and reducing traffic on the roads.

We will keep you informed on the progress we make but if you have any comments or would like to be involved, please let us know!

And finally...
